

## ■ Discontinue products in March 2026

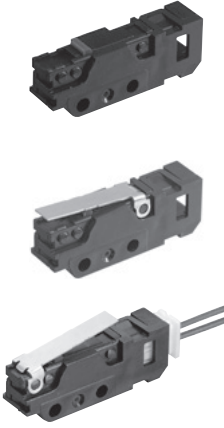

### • Switches

Product name	Types	Part No.	Substituted products name	Substituted part No.	Reason and remarks	The year and month of announcement
Turquoise Stroke Mini Switches Including Resistor installed type 	Ag plating type (Current products)	ASQM1**** ASQMR1****	Au plating type Released in April 2025	ASQM2**** ASQMR2****	To unify product type	New announcement
Power Rocker Switches AJ7 Switches AJ8 Switches 	All types	AJ7**** AJ8****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
AV4 ( FU ) Switches 	All types	AV4****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement

Note) Special order products and set products related to the above products are scheduled to be discontinued at the same time.

■ Discontinue products in March 2026

• Switches

Product name	Types	Part No.	Substituted products name	Substituted part No.	Reason and remarks	The year and month of announcement
AV6 ( CS ) Switches 	All types	AV6****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Snap Switches 	All types	WD1**** WDB1**** WDR1****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Push Switches ESE20C/20D Momentary 	All types	ESE20C**** ESE20D****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement

Note) Special order products and set products related to the above products are scheduled to be discontinued at the same time.

## ■ Discontinue products in March 2026

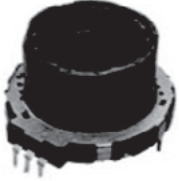

### • Encoders

Product name	Types	Part No.	Substituted products name	Substituted part No.	Reason and remarks	The year and month of announcement
Encoders 10 mm Square GS 	All types	EVQVX****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Encoders 11 mm Square GS 	All types	EVER**** EVES**** EVET**** EVEU**** EVEV**** EVEW**** EVEX**** EVEY****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Encoders 11 mm Square GS G2 	All types	EVED**** EVEE****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Encoders 20/12 mm Center Space 	All types	EVQV6****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Encoders 27/18 mm Center Space 	All types	EVQV5**** EVQVT****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement

Note) Special order products and set products related to the above products are scheduled to be discontinued at the same time.

## ■ Discontinue products in March 2026

### • Encoders

Product name	Types	Part No.	Substituted products name	Substituted part No.	Reason and remarks	The year and month of announcement
Encoders 28/17 mm Center Space 	All types	EVQVS****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Encoders 38/25 mm Center Space 	All types	EVQVN****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Encoders 39/20 mm Center Space 	All types	EVQV4B**** EVQV4C**** EVQV4D****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Encoders 44/25 mm Center Space 	All types	EVQV42**** EVQV43**** EVQV44**** EVQV45**** EVQV46**** EVQV47****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement

Note) Special order products and set products related to the above products are scheduled to be discontinued at the same time.

### • Position Sensors, Potentiometers

Product name	Types	Part No.	Substituted products name	Substituted part No.	Reason and remarks	The year and month of announcement
Position Sensors Linear Position Sensors 	All types	EVAW7**** EVAW8****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Position Sensors Valve Position Sensors 	All types	EWVBA**** EWVBE**** EWVBF**** EWVWG****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Rotary Potentiometers 39/20 mm Center Space 	All types	EWVYE**** EWVYK**** EWVYM**** EWVYN**** EWVYQ****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
Rotary Potentiometers 44/25 mm Center Space 	All types	EWVYG**** EWVYH**** EWVYJ**** EWVYL**** EWVYP****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement
PHENOLIC RESIN INK	All types	EWFY****	None	None	Low demand and difficult to make operation in black ink. Production equipment became deteriorated and difficult to maintain in good condition.	New announcement

Note) Special order products and set products related to the above products are scheduled to be discontinued at the same time.
