Notice Regarding Absolute Encoder Battery for AC Servo Motor

Thank you for your daily support and efforts to our business.

As per title, to comply with the EU Battery Regulation (EU) 2023/1542, we will change product specifications as described below.

We would appreciate your understanding and cooperation with this matter.

■ Affected Products:

AC Servo Motor Optional part "Battery for Absolute Encoder"
(Part number): DV0P2990

■ Description of the Change:

We will add the CE mark to the battery body, packaging/product nameplates, instructions, etc. where necessary.

■ Reason for Change:

To comply with the EU Battery Regulation (EU) 2023/1542.
After August 18, 2024, when batteries are placed on the market in the European Union, they must be labeled with the CE mark, even if they are embedded in equipment.

■ Change schedule:

Shipping of new specifications (CE marked products) is scheduled to start from September 1, 2024.
*Depending on the supply status from battery supplier and our order status, there might be some delays in the schedule.

■ About discontinued products:

DV0P2060 (without CE mark) is also subject to the EU Battery Regulation (EU) 2023/1542 and cannot be placed on the market in the European Union after August 18, 2024, even if it is in stock or embedded in equipment on the market.

* Please make sure to check the details of the new regulation by yourself and take an appropriate action.

END
